how to write good prompts on top LLMs asking to write code on flask

Here's a comprehensive guide on writing effective prompts for Flask code generation with top LLMs:

Core Principles for Flask Code Prompts

1. Be Specific and Detailed

```markdown
markdown                                          Copy    Download

POOR: "Write a Flask app"
GOOD: "Create a Flask application with:
```
